PLASTICITY CHART – CARTA KEPLASTIKAN

- M (silt (M-soil) - below A-line)
- C (clay - above A-line)

M and C may be combined as F, FINE SOIL

U (Upper plasticity range)
L (Low)
I (Intermediate)
H (High)
V (Very high)
E (Extremely high plasticity)

NOTE: The letter O is added to the symbol of any material containing a significant proportion of organic matter e.g. MHO

A-line

Plasticity index (per cent)
Liquid limit (per cent)
