Strive for higher education, Fatimah tells Poly graduates

BY HG SIANG CHEW

KICHEING: Polytechnic graduates must be prepared to make full use of the 20 per cent quota which is specially set aside for students to enrol at local universities, says Minister of Education Datuk Seri Haji Fatimah binti Abdullah.

"In Kuching, we have a quota for polytechnic students to further their studies in various universities. We encourage them to make full use of it," said Fatimah.

Fatimah was speaking at the 63rd Convocation Ceremony of the Sarawak Kuching Polytechnic (SKP) yesterday.

Fatimah added that students from other states who wish to study at the polytechnic can do so and should take advantage of the opportunity to be educated.

"I encourage Polytechnic students to take advantage of the opportunities provided and to make full use of them," she said.

Fatimah noted that polytechnic students are more competitive in getting jobs and have a better chance of securing employment after graduation.

"Polytechnic students are more competitive in getting jobs and have a better chance of securing employment after graduation," she said.

Fatimah added that the Government is committed to providing opportunities for Polytechnic students to enhance their skills and knowledge.

"The Government is committed to providing opportunities for Polytechnic students to enhance their skills and knowledge," she said.

In her speech, Fatimah highlighted the success of Polytechnic graduates who have made their mark in various fields.

"I congratulate all the graduates of the SKP and wish you all the best in your future endeavors," she said.

Fatimah added that the Polytechnic system is an effective way to provide students with practical skills and knowledge that are in demand in the job market.

"It is important that students are equipped with practical skills and knowledge that are in demand in the job market," she said.

Fatimah encouraged Polytechnic students to take advantage of the opportunities provided and to make full use of them.
